

# **GALAXY MEDICAL & EDUCATIONAL SOCIETY**

## **ACTIVITIES REPORT**

Galaxy Medical & Educational Society is a registered non-profit organization committed to serving underprivileged communities through health and educational initiatives. As part of its ongoing mission to empower youth, especially women from economically weaker sections, the Society is currently conducting **Free Nursing Training Programs** at its educational centers.

These training sessions are designed to provide **practical and theoretical knowledge** in basic nursing, first aid, patient care, and hygiene – fully aligned with public health needs and national skill development goals. The program especially focuses on **female empowerment**, encouraging participation from young women, many of whom come from marginalized backgrounds.

This initiative includes:

- **Free Admission & Training:** No fees are charged for tuition, study materials, or registration.
- **Skill Development:** Training includes basic nursing, patient care, hygiene, and first aid.
- **Empowerment of Women:** Focused on equipping young women with employable healthcare skills.
- **Qualified Faculty:** Conducted by certified instructors and healthcare professionals.

## Free Tailoring Training by Galaxy Medical & Educational Society

Galaxy Medical & Educational Society is a registered non-profit organization committed to social upliftment through education, skill development, and healthcare initiatives. As part of its charitable mission, the Society is conducting **Free Tailoring Training Programs** in various **slum and economically backward areas**, targeting women and youth from **underprivileged and minority communities**.

### Objective of the Program:

- To provide **free training** in tailoring and stitching.
- To promote **women empowerment** by helping them become self-reliant.
- To **reduce unemployment** among poor families by imparting practical, income-generating skills.
- To uplift underprivileged sections of society through **skill-based education**.

### Program Features:

- **No fees charged:** Training is completely free of cost, including all study materials and machine access.
- **Focus on slum areas:** Special emphasis on reaching out to people from urban slums and low-income localities.
- **Hands-on training:** Sessions are held in well-equipped classrooms with sewing machines and guided by experienced instructors.
- **Women-centric:** Over 90% of trainees are women, enabling them to start home-based tailoring or find local employment.
- **Community upliftment:** Graduates of the program have gone on to support their families financially, thus reducing dependency.

## Free General Duty Assistant (GDA) Training & Placement Program

**Galaxy Medical & Educational Society** is actively engaged in empowering youth through skill development and healthcare-related training programs. One of the key initiatives is the **Free General Duty Assistant (GDA) Training & Placement Program**, conducted in collaboration with **Wipro GE Healthcare**, **HDFC Bank**.

This **3-month training program** is designed to prepare students for the role of General Duty Assistants in hospitals, clinics, and healthcare facilities. The training is provided **free of cost** to ensure accessibility for students from economically weaker sections.

### Program Highlights:

- **Completely free training** including course materials and practical sessions.
- Covers essential topics like patient care, basic nursing, hygiene, and hospital support services.
- Hands-on sessions and real-world healthcare exposure.
- **Placement support** provided with reputed healthcare institutions.
- Special focus on **female participation** and youth from underprivileged backgrounds.

This initiative is a step towards building a skilled workforce in the healthcare sector while uplifting disadvantaged communities through job-oriented education.

## Certificate Distribution Program for students who successfully completed the Free 3-Month Skill Development Training

**Galaxy Medical & Educational Society** recently organized a **Certificate Distribution Program** for students who successfully completed the **Free 3-Month Skill Development Training**. This initiative aims to equip youth, especially from economically weaker sections, with practical skills and job-oriented knowledge to enhance their employability.

The training covered a range of essential healthcare-related modules, delivered by qualified instructors in a supportive learning environment. Upon successful completion, trainees were awarded certificates as formal recognition of their efforts and achievements.

This event reflects the society's continuous commitment to **community upliftment through education, empowerment, and skill development**.

## **Skill Development & Training Initiatives by Galaxy Medical & Educational Society**

Galaxy Medical & Educational Society, committed to the upliftment of underprivileged communities, has been actively conducting free skill development and vocational training programs. In collaboration with reputed partners like Wipro GE Healthcare, HDFC Bank, and Jan Shikshan Sansthan (JSS), the society offers training in various domains such as General Duty Assistant (GDA), Electrician Training, and Basic Computer Skills.

These initiatives are designed to empower unemployed youth, particularly women, by equipping them with job-oriented skills and enhancing their employability. The training programs, typically spanning three months, are provided at no cost and are followed by certificate distribution ceremonies and placement support.

Through such impactful programs, Galaxy Medical & Educational Society continues to contribute to community development and youth empowerment in a meaningful way.

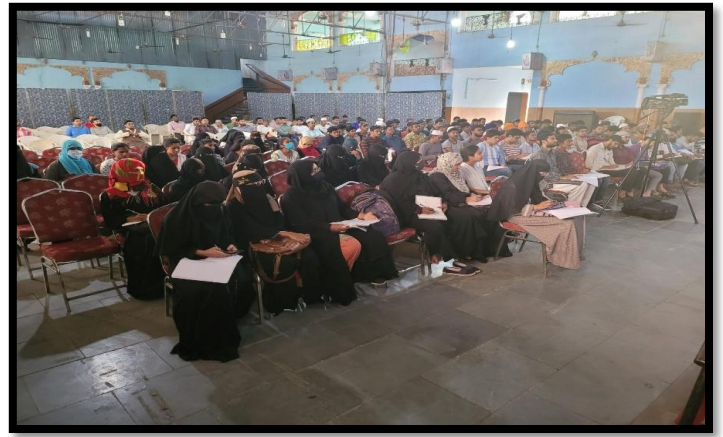

**Galaxy Medical & Educational Society in collaboration with Jan Shikshan Sansthan (JSS) is proud to announce the Certificate Distribution Ceremony for students who have successfully completed the 03-month skill development training program.**

This initiative reflects our joint commitment to **empowering youth through education and vocational training**, equipping them with the skills needed for a better future.

**Congratulations to all the students** for their dedication and achievement. May this be the first step towards many more milestones in your journey of success.

## **GALAXY MEDICAL & EDUCATIONAL SOCIETY EMPOWERING DREAMS THROUGH FREE CIVIL SERVICES COACHING**

Galaxy Medical & Educational Society proudly presents an incredible opportunity for aspiring candidates aiming to crack the IPS, IAS, and other prestigious Civil Services examinations. We are committed to nurturing talent and empowering individuals by offering **completely free, high-quality coaching** to deserving students who dream of serving the nation.

At Galaxy Medical & Educational Society, we believe that **financial constraints should never be a barrier to a bright future**. We strive to bridge the gap by providing free, quality education to all deserving candidates, helping them realize their full potential and achieve their dreams of becoming civil servants.

### **Galaxy Medical & Educational Society**

is proudly offering **FREE Coaching for IAS, IPS & Civil Services Exams**

Empowering students with quality education, expert guidance, and study materials —  
**Absolutely Free of Cost!**

- The picture shows a group of students/youth gathered for a celebration, likely **Independence Day (India)**, as many are holding the **Indian National Flag (Tiranga)**.
- A stage with a banner is visible in the background.
- The banner mentions:
  - **"Jan Shikshan Sansthan"** (Ministry of Skill Development & Entrepreneurship, Government of India initiative).
  - Collaboration with **Galaxy Medical and Educational Society**.
  - Contact number is also displayed.
- The text on the banner is written in **English and Telugu**.
- The participants are smiling, posing for the photo, and most are dressed in **traditional white kurta-pajamas**, while some are in casual attire.
- The event seems to be organized in an **open ground with a temporary canopy/stage**.
- There are also **flags, banners, and decorations**, adding to the festive atmosphere.

☞ In short:

The image depicts a **patriotic celebration** (likely **Independence Day 2025**) organized by **Galaxy Medical and Educational Society** in collaboration with **Jan Shikshan Sansthan**, attended by enthusiastic students holding Indian flags.

- The activity depicts a **free medical health checkup camp** organized by **Galaxy Medical & Educational Society**.
- The banner in the background mentions:  
“**Free Medical Health Checkup Camp**” and contact details of Galaxy Medical & Educational Society.
- The camp seems to be conducted in association with **YWCA of Secunderabad** (another banner visible with their motto “By love, serve one another”).
- A **woman in a sari** is seated on a stool, undergoing an **eye checkup** by a medical professional in a white coat.
- Another medical staff member wearing a mask is also present, assisting in the camp.
- Medical instruments and medicines are visible on the tables, indicating a **well-equipped health camp setup**.
- The environment suggests it is conducted in a **community hall or local center**, accessible to the general public.

The image shows a **community free health checkup camp**, specifically with an **eye examination in progress**, organized by **Galaxy Medical & Educational Society** in collaboration with **YWCA Secunderabad**, aiming to provide healthcare support to the underprivileged.

Community food distribution program organized by **GALAXY MEDICAL & EDUCATIONAL SOCIETY** to support underprivileged people:

- Volunteers, including youth, are seen actively distributing **packed food boxes** to people standing in line.
- The distribution is organized in an **outdoor setup**, with tables stacked with food packets neatly arranged.
- A large number of **beneficiaries**, including men and women from economically weaker **sections**, are seen receiving the food.
- The presence of banners in the background suggests the program is conducted under the banner of a **local social welfare initiative**.
- The initiative reflects the spirit of **service, compassion, and social responsibility**, ensuring that **basic needs like food reach the needy**.

The event represents a **humanitarian effort** where volunteers and organizers came together to provide **free, hygienic, and ready-to-eat food** to underprivileged individuals, showing commitment towards **community welfare and upliftment**.

This picture shows a **free medical health camp** organized by *Galaxy Medical & Educational Society* in collaboration with local welfare associations:

- The stage is set up under a shed with a banner mentioning **Dr. B.R. Ambedkar Youth Association**, indicating community participation.
- Several **health professionals and volunteers**, including women in hijabs, are seated at tables with medical kits.
- People from the local community, including elderly and women, are standing in line to receive **health check-ups, consultations, and medicines**.
- The chairs in the front suggest an **organized waiting area** for attendees.
- Traditional rangoli designs are drawn on the floor, giving the event a **welcoming and cultural touch**.

☞ In short:

This image highlights a **community health camp** providing **free medical consultations and support** to villagers, reflecting the institution's commitment towards **healthcare access and social responsibility**.

This medical health camp organized by Galaxy Medical & Educational Society in collaboration with YMCA Secunderabad.

- The venue is indoors, providing shade and seating for the patients.
- **Doctors and medical staff** are actively checking patients, including women and elderly individuals.
- A **banner** in the background highlights the partnership between **Galaxy Medical & Educational Society** and **YMCA Secunderabad** for the program.

This shows that Galaxy Medical & Educational Society is extending its healthcare outreach to urban and semi-urban areas as well, not just villages.

- **Occasion:** Swachhata Pakhwada (a government initiative promoting cleanliness and environmental awareness)
- **Topic:** *Importance of Plantation of Trees*

- **Date Mentioned:** 26th (exact month/year is not visible in the clipping)

#### Key Participants:

- **Sheik Hussamuddin** (Secretary of Galaxy Medical & Educational Society)
- **Dr. Abdul Baari** (Director, JSS)
- **Municipal and Educational officials** also participated and shared their views on the importance of tree planting.

#### Visual Elements:

- A banner in the background confirms the theme:  
"Lecture on Importance of Plantation of Trees" under **Swachhata Pakhwada**.
- Participants are shown standing around a plant, symbolizing the theme.
- A media person with a mic indicates that the event was covered for public awareness.

This appears to show a **medical or health awareness camp** or **community outreach program** organized by **Galaxy Medical & Educational Society**.

### Key Observations:

#### Participants:

- Seated in the front row are several senior individuals, possibly doctors, hospital administrators, or guests of honor.
- Standing behind them are a group of **female medical students or nurses**, dressed in lab coats and wearing masks or hijabs, suggesting their involvement in healthcare education or practical training.
- A woman in a sari on the right seems to be a community health worker, nurse, or teacher.

#### Venue Decor:

- The presence of religious or cultural posters/statues in the background (on the left) hints that this event may have been hosted in a **community hall or school**.
- The overall setting suggests this is not inside a hospital but a **field event** or **mobile health unit initiative**.

#### Possible Purpose of the Event:

- **Health check-up or awareness session** for the local community.
- **Training or orientation program** for nursing/paramedical students.

Part of a **public outreach campaign** under the **Galaxy Medical & Educational Society**.
